

Rings, Ripples, and Echoes UBD (Understanding By Design) Framework: 5th

	Desired Results	
Goals of Program	Transfer	
Students will ... <ul style="list-style-type: none"> Enrich their understanding of place through inquiry. Experience National Parks as places for learning and recreation and develop a personal connection with their local National Park. Learn about the historical, cultural, and environmental forces that shape and influence Muir Woods. 	<ul style="list-style-type: none"> Recognize that there is a relationship between people, their culture, and the land. Engage in scientific inquiry and plant identification. 	
	Meaning	
	Enduring Understandings Students will understand that: <ol style="list-style-type: none"> The interaction of people and land is a key element of culture. An ecosystem has interdependent relationships. Individuals and communities can help protect and preserve natural environments. 	<div> Essential Question How are our cultures influenced by where we live? </div>
Acquisition		Evidence
Students will know... <ul style="list-style-type: none"> The interdependent relationships in an ecosystem. How Native American values shape their relationship with Muir Woods. 		Students will be able to ... <ul style="list-style-type: none"> Identify the Native American uses of plants found in Muir Woods. Explain how plants and animals depend on each other to survive.
